Subject: Request to lend us your projector for the upcoming conference.

Madam

With great joy I wish to share with you that the college is hosting an international conference on the 5th and 6th of November, 2024. We have two interactive panels for paper presentations in the college. However, since the number of abstracts received is large, we may need to have three venues for presentation. To be able to set up a third venue, we request you to lend us your projector/KYAN for a period of three days. If you deem it fit to allow us to use it, I will depute one of our faculty members to come to your campus to receive and return it. I eagerly await your response.

Warm regards

Sir

This is to bring to your notice that students of Jawahar Lal Nehru Govt. College of Fine Arts study mandatory courses in computers as part of their prescribed syllabus and curriculum. The college has no teacher for these courses, since we do not even have a post sanctioned for this subject. The college does not have a computer laboratory or computers for students. While the college was functioning from the Kotshera campus, our students were attending these classes in the RGGDC computer lab and were being taught by their teacher. Now that the college has shifted to Loharab, this arrangement is no longer possible. Since they will be studying this course this semester, you are requested to either give us a computer teacher or send someone on deputation. Since we do not have a lab or computers, please help us in this regard too.
